

Leadership

A Gift to Others

Leaders breakdown boundaries, tear down walls, and inspire foundations of greatness. **Leaders** leverage differences, strive for understanding, and embrace acceptance. **Leaders** reach out to others, they do not resist. **Leaders** are stewards of the earth, protecting, nurturing and replenishing the gifts of nature. **Leaders** practice gratitude for what is, and do not complain about what is not. **Leaders** seek cures for the sick, help for the hungry and love for the lonely. **Leaders** share talents, give time, and spread wisdom. **Leaders** hold hope for the future and invest in bright tomorrows. **Leaders** live authentically, laugh freely and

love unconditionally.

Cheers to sharing the gift of **Leadership** more freely.
